ECLIPSE

ETP Screens offer varying degrees of privacy and wind protection in both contemporary and nature inspired designs.

Let our network of experienced and qualified dealers help you find the best combination of ETP outdoor products to create your backyard oasis.

Laser cut in our facility and powder coated to provide optimal protection against the elements. ETP Screens will not rust and require no maintenance.

Panels are available in all 8 of our standard colors, providing a perfect and seamless integration with ETP Railings and Pergola structures.

Custom colors available.

Post sizes available include 2.5", 3", 4" & 5".

Quick and easy assembly.

Available in standard and custom sizes and designs.
